Video works

*Curated by Tiny Domingos*

**TAGESSCHU (2006, DVD, 9'55)**

**A SOME NEWS (2009, DVD, 9'15)**

### ***a some news***

*I learned German language only 3 month.*

*So often I get wrong information and don't understand.*

*I'm interested in this situation.*

*I listen to news in 5 different languages and write contents in Korean at the same time.*

*But all or 95% of the content is wrong.*

*And then I dub 5 news into my 5 different language voices with my contents.*

*This work is seen through 5 different news and my observation.*

*News are very important information about all and we rely on news and believe that.*

*It's our teacher for everything.*

*But if this is wrong news or you can't understand it, what happens there?*

*We get other information or wrong information.*

*I want to observe this situation.*

*This time I show the first part of my video project with the title "a some news".*
